Caro Mister Gardner,

Le invio una prima solida relazione della gestione della somma che è stata distribuita fra le opere di assistenza che dipendono dalla Chiesa Cattolica. Fra un mese ne seguirà una seconda con tutti i documenti giustificativi del modo come fu speso il denaro.

Voglio ricordare le queste simpatiche storie, che ci ha fatto meglio conoscere il cuore dell'America e appoggiare il suo popolo grande e generoso.

Venue a Trieste la Missione guidata prima dal benemerito Mister Sommer, e poi da Lei. Qualche opera nostra, come altre della città, viene aiuto. E Mister Sommer volle che io cooperassi con lui nell'aiutare le istituzioni, che dipendono dalla Chiesa e che hanno uno scopo alto: alleviare la miseria, assistere ed educare chi ha bisogno di soccorso, specialmente nel campo dell'infanzia e della fanciullezza. Ho aderiti con entusiasmo e con gratitudine. E incominciarono da allora i nostri rapporti, con

DECLASSIFIED

Mister Sommer e con lei, in un tono di grande cordialità e di perfetta lealtà. Tutto fu onnipiosamente studiato e controllato. E così centocinquante milioni di lire italiane sono stati dati alle istituzioni elementari in questa relazione, che furono impiegate nel modo più utile, secondo le direttive date dalla Missione. Nessuna differenza di religione, di lingua e di opinione fu rilevata nel prestare il concorso, ma un unico criterio guidò il nostro lavoro: dare l'aiuto nel modo più ragionevole, dove esso era necessario.

Ho trovato in lei e in Mister Sommer intelligente cooperazione, larga esperienza e un cuore aperto ai reali bisogni. La nostra città multa deve alla Missione. La sua opera non sarà dimenticata. La missione tenuta presso l'Opera palermitana, nel più popolare, ricco della città, ha dimostrato come il nostro popolo apprezzi l'aiuto fraterno, che il popolo americano ha offerto.

E per suo meglio desiderio che giunga a questo

grande popolo fratello e grazie di queste  
 opere aiutate, il grazie dei poveri soccor-  
 si, il grazie della buona città di  
 Trieste.

Dear Mr. Gardner,

I am sending you a first concise report on the management of the sum that was distributed among the welfare agencies of the Catholic Church. A second report will follow within one month, with all the vouchers to show in what manner the money has been expended.

I wish to call to your mind this nice story, which taught us to better know the heart of America and appreciate her great and generous people.

The Mission came to Trieste, first under the well-deserving Mr. Sommer and later under yourself. Some of our institutions, like other organizations in the town, asked for help. And Mr. Sommer wished me to co-operate with him in helping the institutions of the Church that have one object only: to relieve poverty, to assist and educate anyone in need of assistance, particularly in the field of the young and the very young. I accepted with enthusiasm and gratitude. And our connection started from that moment, with Mr. Sommer and yourself, in an atmosphere of much cordiality and utter loyalty. Everything was minutely examined and checked. And like that one hundred and fifty million Italian Lire were given to the institutions listed in this report, which were used in the most useful manner, in accordance with the directions given by the Mission. No difference of creed, language or opinion was considered in giving relief, but one conception only guided our work: to bring help in the most reasonable manner where it was needed.

I have found in yourself and Mr. Sommer a clear-minded co-operation, a large experience and a heart open to the actual needs. Our city is greatly indebted to the Mission. The Mission's work will not be forgotten. The meeting held at the Salesian Fathers', in the most popular district in the town, has shown how much our people appreciates the help offered by the American people.

And through you wish I that great fellow people to receive the thanks of the institutions assisted, the thanks of the poor helped, the thanks of our city of Trieste.

Trieste, May 27th, 1948.

sd. + Antonio Santin

Bishop of Trieste  
and Capodistria.

ISTITUTO TERESIANO - CASA NAZARETH

Repairs are going on.

ISTITUTO TERESIANO - CASA NAZARETH

Trieste, 71 via dell'Istria

An orphanage for about 160 girls, divided into two separate sections.

One of the two sections takes care of young girls, whose records are already morally tarnished and who are therefore in need of re-education and special watching.

The buildings did not cope with up-to-date requirements, and were inadequate as regards space. Due to their condition, they were in need of extensive repairs and adaptations.

Allocation:- Lire 15,000,000

Contribution towards a thorough transformation of the buildings, adaptation of the premises to allow more air and light to come in, enlargement of the kitchen, new sanitary installations:

Purchase of clothing and shoes: ..... Lire 2,000,000.  
 Lire 13,000,000

Orphanage S. Giuseppe

The new house bought, in course of transformation

P.I.A. OPERA ORFANOTROFIO S. GIUSEPPE

Trieste, 61 via dell'Istria

An orphanage giving shelter to about 120 girls, from 3 to 18 years of age, enjoying large credit in the town.

It is regrettable that, once the girls leave the orphanage upon reaching the age limit and are sent to work, they should be left to themselves, running the risk of defeating within a short time the training that has been given them during a number of years at the cost of much sacrifice.

Some time ago it was decided to adapt into small rooms a house situated in a central position, where the orphan girls might have board and lodging and might be under a mother's care, enjoying at the same time that freedom and independency that older girls require when starting their working life.

The new house is meant to give shelter not only to the girls dismissed from the Orphanage S. Giuseppe, but likewise to those in the same condition coming from the other institutions of the kind in the town.

Allocation:- Lire 21,000,000.

- Contribution towards the purchase, enlargement, transformation, adaptation and equipment of the new house, for use as above ..... 18,000,000
- Purchase of clothing and shoes, as well as beds, for the existing Orphanage S. Giuseppe .. 3,000,000.

- 2) The new house bought.

EDUCANDATO - GESU' BAMBINO

Trieste, 92 Passeggio S. Andrea

An orphanage giving shelter to about 60 girls.

The continuous new applications, which could not be met for want of room, made it necessary to enlarge the institution.

The necessity was also keenly felt of opening a kindergarten, first and foremost for the neighbouring mixed locality of Servola.

It should also be mentioned that it was advisable to prevent an adjacent building to become a disorderly house, to the evident prejudice of the girls.

Allocation:- Lire 4,000,000.

Contribution towards the purchase of the above-mentioned adjacent building, also towards the required repairs and adaptations, thus enabling the institution to accept a larger number of girls and to open a kindergarten.

ORFANOTROFIO "MARIANUM"

Opcina (Trieste)

An orphanage taking up some thirty orphan boys at the moment, but trying to find the necessary funds to develop, since the requirements are much larger.

VARIOUS ORATORIES FOR BOYS (RICREATORI)

They are educated there, entertained, taken care of in different manners. In some places they get also a practical training in handicraft works.

When there are sufficient means, they are given an afternoon snack too.

It clearly appears of what moral and civil value is this work, since laying a sound basis in earlier years means preparing an orderly future society.

SCHOOL OF SAN GIUSTO FOR BOYS (Ginnasio-Liceo)

Trieste, via Besenghi

A boarding school for boys, that will replace the one the Bishop had at Capodistria (which is part of the same diocese under the same Bishop) and which was destroyed by the Yougoslav occupation of that zone. It will be the only boarding school for boys existing in the town, which at present has no like institution.

It will take care of some 200 boys from 10 years onward and give them a sound training, thus relieving in some way the heavy burden of education that is placed on the other schools of the territory.

The project of reconstructing to this end a building practically destroyed as the result of bombing during the war was sponsored by the Allied Military Government to permit the Bishop to continue here the free training of young men.

The school in fact is free of charge, or nearly free of charge, according to the conditions of the respective families.

Allocation:- Lire 42,276,600.

Contribution towards the realization of this project of great moment.
